Publication

Shopping Centre Leases, Second Edition has now been published by Canada Law Book. It has practical hands-on solutions to the complex issues of commercial leasing.

Originally published in 1976, Shopping Centre Leases is the first Canadian book written specifically for the shopping centre industry and has been considered the definitive text on the subject since its inception. It has now been completely revised and updated.

Zev Zlotnick and I contributed an article entitled "Parties Capacity to Hold and Contract Property".
